Diagram illustrating the assembly of the dresser top and side panels. The main frame (8) is shown with the top panel (7) and side panels (6) being attached. Hardware components labeled include f25, f1, p140, w208/2, r42, r1, c35/2, c35/1, j59, and r2. The diagram shows the top panel (7) being secured to the side panels (6) using f25 screws. The side panels (6) are then secured to the main frame (8) using p140 screws. The top panel (7) is also secured to the main frame (8) using f1 screws. The diagram includes a red shaded area indicating the installation of the r42 and r1 hardware, and a yellow shaded area indicating the installation of the c35/2 and c35/1 hardware. A blue shaded area highlights the installation of the j59 hardware.

Technical diagram of a kitchen cabinet assembly, showing internal components and hardware. The diagram includes the following labels:

- a44**: Upper cabinet body panel.
- d1**: Cabinet depth dimension.
- 5**: Internal shelf or divider.
